Gahan Saraiya

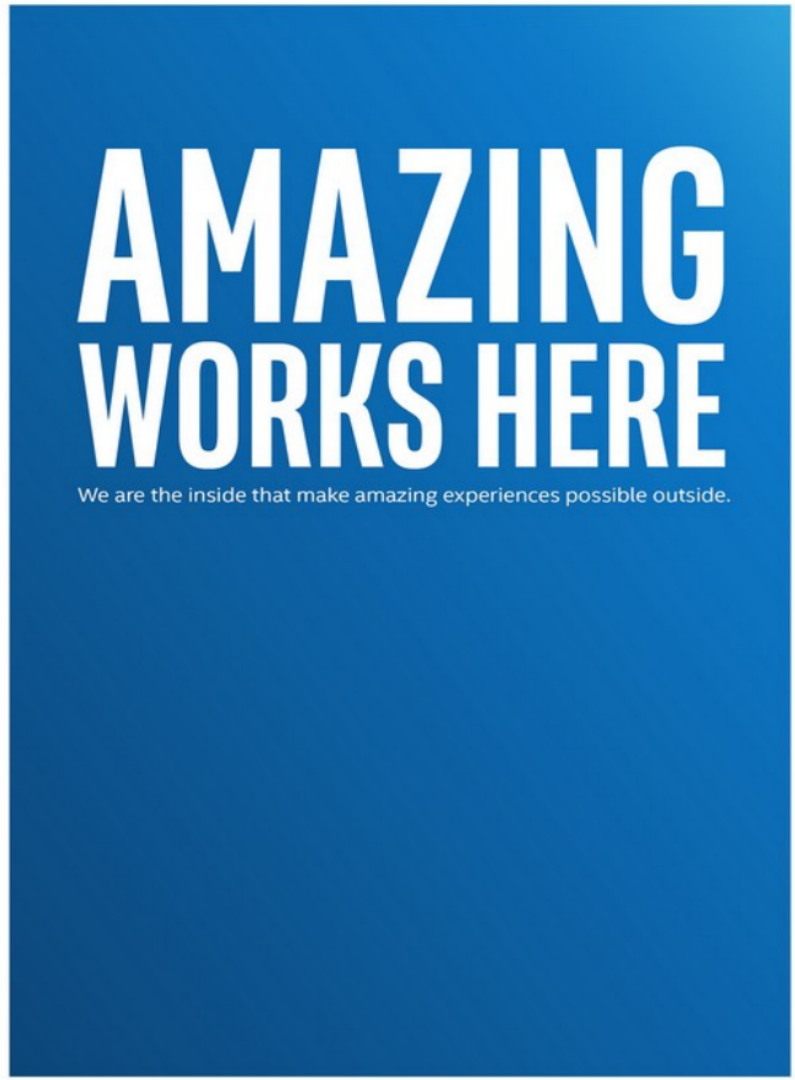
Thankyou for your outstanding contribution to get the [redacted] signing and manifest [redacted] ready on time. You worked with dedication to ramp quickly, understand customer needs and produce output within a really short time period. Fantastic results orientation. This was one of the biggest blocker in [redacted] environment putting BIOS team under a lot of pressure. And you have helped unblock it, thankyou so much!!!

This award honors the impact you have demonstrated through:

You get results

You set challenging and competitive goals. You assume responsibility and focus on output.

Sincerely,
Nivedita Aggarwal



Thank You
